

STEP 1 How you perception SEE it!

If the world is *Yours For The Dreaming*, what would be in store? Close your eyes and imagine a world that is yours to see and explore. What are the things you see, the color and shapes that fill the space? Write it down, draw it out, in words, in pictures, in your own way. There is no right or wrong in whatever you say! Your world, your way, start to picture that today!

STEP 2

idea

The /

goes on!

What are the pieces that make you smile, that feel like sunshine, that dance all the while?

An idea, a spark, a thought that takes flight and floats through your mind ever so light.

Tell us the story of what that means to you. You only need to get started, see what you can do.

STEP 3

recording

mark
it down!

Mark it down to show those that we like, what we are thinking. A 3-horned bird with feet of blue, a 2-nosed turtle may peak his head through. Wiggle, squiggle, giggle it out, a fuzzy black bear, a colorful trout.

STEP 4 Let's talk

understanding

Now let's show each other and share what we've done. Mark down what people see and say, to think about now or on another day. You have shown your story and can hear their's too. Learn from each other all there is to do.

STEP 5

transformation

Making it

HOPE

As things begin to take shape put the pieces together. Is it an ape? A floppy fish, a magical star, a jelly bean road, a chocolate car, color, draw, write it all down. It's your special world. It's your personal town.

STEP 6

presentation

Show your

Now you have all your ideas in one place. Take center stage and own your own space.
Tell the story of what, when and where. How you did it and ways that we can share.
